ANALYSIS OF BROILER CHICKEN VOLATILITY IN BOGOR CITY

Adi Hadiano, Arini Hardjanto, Vira Nurfitriawati

BACKGROUND

Broiler chicken commodity is one of the commodities that often experience price fluctuations

Broiler chicken meat is one of the contributors to inflation in Bogor City

OBJECTIVE

1. To analyze the price volatility of broiler chicken meat in the city of Bogor

2. To formulate policy implications of the volatility of meat prices

METHOD

Secondary data

Sukasari and Jambu Dua Market, Bogor City

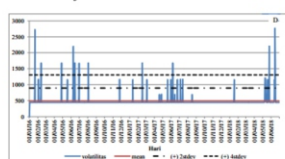

January 2016- June 2018

ARCH-GARCH & Qualitative Analysis

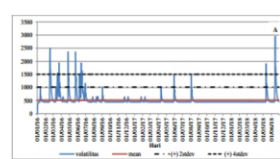

RESULT

Volatility of Broiler Chicken Sukasari Market

The highest volatility occurred in January-June 2016 due to the application of import animal feed tax and June 2018 due to the approaching of Eid

Volatility of Broiler Chicken in Jambu Dua Market

CONCLUSION

1. The price of broiler chicken meat analyzed has volatility in the Sukasari and Jambu Dua market.
2. Policies that can be taken to reduce the volatility of broiler chicken meat with market operations at certain times, and coordinate with the Regional Inflation Team.
